

Halal Food Authority

23rd July 2014

Press Release

CONFIRMATION OF HALAL FOOD AUTHORITY AS A JAKIM (MALAYSIA) RECOGNISED FOREIGN HALAL CERTIFICATION BODY

The Halal Food Authority (HFA) is pleased to announce that after a rigorous audit of our certification and audit procedures as well as our organisational setup by a high profile auditor from Department of Islamic Development Malaysia (JAKIM), the HFA has been confirmed as a recognised Foreign Halal Certification Body by the Halal Hub Division of JAKIM.

To this end, all HFA halal certificates shall be recognised and accepted in Malaysia and certified products can now be exported to Malaysia without any hindrance.

We are delighted to extend our sincere thanks and best wishes to all our clients, stakeholders, and members of staff who assisted HFA with great deal of patience, support and co-operation in achieving this status.

We are proud to have the required expertise and skills with the strong working relationship and allegiance with our stakeholders on board that have collectively proved instrumental in the continued success of the HFA, leading to further growth and expansion of halal trade globally and we further believe that this trend will continue and prosper in the foreseeable future.

-Ends-

Notes to Editors:

Halal Food Authority (HFA) is an independent, voluntary, not-for-profit organisation operating as a commercial wing of a registered charity. The objective of HFA is to facilitate the Muslim Ummah to be partial to genuinely manufactured halal food in compliance with HFA Halal Standards, Islamic Jurisprudence and relevant EU regulations in vogue. Simultaneously, HFA creates awareness of halal principles and axioms for halal production within food industry, consumers and various national and international forums.
